And now we play POBOROWA POLKA - the DRAFTEE'S POLKA.

Last Sunday, I informed you that RALPH MODJESKI - an American Pole - built not only the SanFrancisco Bridge, the Trans-Mississippi Bridge, the Delaware River Bridge, the Columbia ~~Bridge~~ River Bridge, but also our ~~MID-Hud~~ MID-HUDSON BRIDGE.

Did you know that another American Pole built the INTERNATIONAL BRIDGE over the Niagra River - then considered a miracle of engineering art? His name? COL. CASIMIR S. GZOWSKI.

And now listen to ~~MYCKY MYSZKA POLKA -~~ MICKEY MOUSE POLKA. *Helena Polka -*

Helena's Polka -

The present coal strike reminds me - Did you know that the first American strike originated with Americans from Poland. Note well, however, that these Americans of Polish blood, did not strike for any economical advantages, but in the cause of liberty. They were denied the right to vote. And so these Americans Poles ceased work - and did not return to work until they won the privilege -

the right to vote - now considered the greatest boon of American citizenship.

And now we play KWIATEK POLKA - the FLOWER POLKA.

From time to time, people approach me with the question: Where may I obtain some information about Poland and the Polish people. At present, you may write to the POLISH INFORMATION CENTER ~~734~~ 745 - 5th Ave. N.Y.City.

Incidentally, if you will listen to this program THE POLISH HOUR, every Sunday, you will learn much about Americans whose forefathers emigrated from Poland.

Through the medium of this Weekly Polish Hour, it is my aim and ambition to dissipate any prejudice that may exist against the Poles.

And what is prejudice but the offspring of ignorance. Yes, ignorance. And in the case of the stubborn - as a rule, uneducated individuals - crass ignorance. Since it is crass ignorance, it is therefore, culpable.

And so, if you listen to this program regularly, you will learn much and be convinced that America owes much to Poland and her many sons and daughters who emigrated to our Blessed United States, which still is, lest you forget, the melting pot of all nations.

Now permit me to say a few words in Polish.

Polacy, rodacy, bracia, badzmy dumni ze jestesmy Amerikani polskiego powhodzenia, bohaterskiej krwi Pulaskiego i Kosciuszki.

Przypomnijmy obconarodowcom co Ameryka winna jest Polsce i Polakom. Aby im przypomnac, trzeba tez i wiedziec. A na tym programie razem sie nauczemy.

Jednak, jesli chcemy aby nas obcy szanowali, musimy sami siebie szanowac i jedni drugich, nie dac sie poniewierac. Musimy tez zasluzyc na uszanowanie u obcych.

Wiec jeszcze raz, trzymajmy sie razem. Popierajmy jedni drugich. Pracujmy reka w reke, bo w jednosci jest sila.

And so until next Sunday, same time, God bless you and yours and Bog zaplac for listening.

INTERVIEW WITH A POLISH FLIER

Polish captain-pilot Thomas Jaronski, bombed Germany 42 times. He was over Hamburg, Kiel, Bremen, Cologne, Essen, Duesseldorf, Dortmund, Emden, Lubeck, Rostock, and many other German industrial centers.

The epic of the air force, the new weapon of war is described in the simple terms of dispatches from the scattered war fronts. Among the polyglot eagles, fighting for the cause of freedom for the world and democracy, Polish pilots have taken an important place. Experienced RAF fliers express their greatest admiration for the Poles. And no wonder...they saw the Poles fight over London...Poles played an important role "among the few to whom we owe so much."

Miss Mary Burnett, a young American concert singer, and daughter of colonel in the American Army Medical Corps sings a Polish folk song by Moniuszko, "At the Spinning Wheel".
