## Dear Padre

March 29, 2026

### How do the three sacred oils differ, and how do I dispose of them properly as a sacristan?

Jesus Christ was anointed priest, prophet, and king. Christ means "Anointed One." The sacred oils assist the members of the Church, who share in Christ's priestly, prophetic, and royal mission. Catechumens are anointed with the oil of catechumens for God's help to resist evil, reject sin, and adhere to a lifelong profession of faith as they prepare for baptism. The infirm and elderly are anointed with the oil of the sick to fight against the physical and spiritual debilitating effects of illness through the presence and power of the Holy Spirit. Chrism, the most important of the three, can only be consecrated by a bishop. It is used for baptism (along with the oil of catechumens), confirmation, the ordination of a priest or bishop, and the dedication of a church and altar.

A repository for the oils—often marked *Olea Sanctae* ("Holy Oils")—is called an *ambry*. It is usually in a prominent church location near the baptismal font. Each year, when the oils are replaced, a priest, sacristan, or other person may absorb the old oil with cotton and burn it in a thurible or as part of the fire that begins the Easter Vigil. With special care, old oil can also be added to a large burning candle, like the sanctuary lamp. Reverence and safety are proper for whatever method of disposal is used. ●
